**Won't you help us?** Angie, a single mother of 3 children, was diagnosed with Stage 4 Metastatic Melanoma cancer in November. She continues with courage and determination to defeat this disease and continues to love and support her family against mounting obstacles and financial challenges. Please come out to the fundraising benefit to help raise funds to pay medical expenses, doctor bills, medications, and other expenses associated with her fight in defeating this dreaded disease.

There will be raffles and auction items for various prizes, a cash bar, and live music from local Texas musicians, like Fritz Schultz, Tom Faulkner, Randy Hopper and Austin Cunningham. Please join us with your support for a great cause!

*Donations and cover charge tax deductible as a 501(c)(3).*
